

Attention ASIS Chapter 067 Members

By: Rich Woldt CPP

Ask not what your company can do for you – Ask what you can do for your company”

It's time again for ASIS 067 members to step up to the plate.

Considering the escalating domestic terrorist threats; one from as close as Rockford, the impact the H1N1 pandemic has had on our local economy, our history of devastating tornados, and the increased gang activity in Dane County, it's hard to understand why corporate Presidents/CEO's aren't requiring their ASIS representative to attend and take an active role in our chapter. Unfortunately, twelve to fifteen regular chapter members are carrying all the weight. And that, from this CPP professional opinion is a sin that can only be corrected by corporate upper management.

Our chapter executive committee is holding a conference call on Wednesday, December 2, 2009 at 8:30 A.M. All chapter members willing to step up to the plate are invited to **call 1-877-273-6394** and enter the **Conference Code: 8742136.**

If you're the President or CEO of a company in our chapter... and you know the name of your ASIS Chapter 067 member, you're welcome to call into the conference and enlist your representative in a leadership role. Considering your career and job security are threatened by terrorists, pandemics, natural and man-made disasters, it might be wise to appoint the head of your security as well as an alternate to represent your company at ASIS chapter meetings and training programs.
