

Private - Public Partnership of Dane County
Pilot Project
Building Communication focusing on ICS 100
Overview Course
AT MATC
April 22 or 25, 2008
8am– 4pm
Registration Form

This is a Pilot Project designed by the Training Sub Work Group to give Private and Governmental organizations an opportunity to communicate with each other while they are given an overview of ICS 100 and NIMS 700. This course is a chance for both the public and private sectors to network, train and work together before an emergency event. There will be a certificate of completion of this overview from the Private - Public Partnership of Dane County for this course.

Course Description:

ICS 100, Incident Command System, introduces the Incident Command System (ICS) and provides the foundation for higher-level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).
